RFID SOLUTIONS

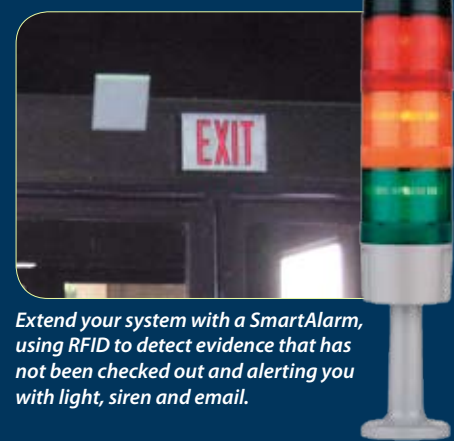

RFID Evidence Tracking System

SmartMobile

At under 2 pounds, the SmartMobile is the lightest long-range portable available. The face - smaller than 6" x 3" - contains a color touchscreen.

SmartAlarm Prevents Removal

Extend your system with a SmartAlarm, using RFID to detect evidence that has not been checked out and alerting you with light, siren and email.

Respond to Requests

Pull List and Delivery List reports help you efficiently retrieve and deliver requested evidence.

Guaranteed RFID SmartTags

FileTrail has RFID SmartTags for every purpose. Our low-cost tags work on evidence bags and boxes, while hardened tags, shock-resistant tags and wire tags provide tracking of large property and metallic evidence.
