

Track and Locate Weapons with Confidence

FileTrail's Weapons Tracking System

Imagine being able to audit your entire weapons collection in 10 or 15 minutes and quickly identify missing or extra weapons. You can with FileTrail's RFID Weapons Tracking System. Our intuitive and easy-to-use software can be installed as a stand-alone system or on a network.

Because locating every weapon and maintaining chain-of-custody is critical to your agency, FileTrail has leveraged RFID technology to support rapid inventory, fast check-in and check-out, automatic logging of chain-of-custody and alarming exits to prevent unauthorized removal.

Respond to requests for weapons, gear, and accessories

- ▶ Pull efficiently using pull lists sorted in location order.
- ▶ One-click fulfillment checks all items out to the requestor.
- ▶ Delivery list simplifies delivery and acts as a manifest.

Powerful Scheduling/Tickler Process

- ▶ Calendar future repairs, inspections and maintenance.
- ▶ On-screen advance reminder with detailed information.

Enforce Accountability

- ▶ Unalterable chain-of-custody – on-screen or print.
- ▶ All data edits and previous values logged by specific user.

Portable RFID Simplifies Work

- ▶ Detector locates misplaced weapons from up to 8 feet away.
- ▶ Audits completed in one-fifth of the time of bar coding.
- ▶ Assign rack locations as you store weapons.

Highly Configurable

- ▶ Fully configured for you at setup.
- ▶ Easily customize screens, fields, forms and reports later.

Alarm Exits

- ▶ Prevent removal of weapons not properly checked out.
- ▶ Use siren, lights or emails as notification.
- ▶ Violations recorded in chain-of-custody.

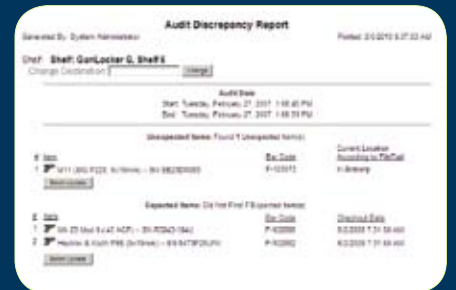

Use the latest RFID technology, bar coding, or a combination.

Detector Locates Weapons Quickly

The Detector on the SmartMobile alerts you to needed or misplaced weapons from up to 20 feet away.

Fast Auditing Saves Times

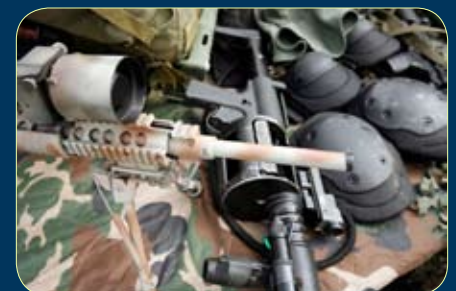

Audits can be done with the SmartMobile in one-fifth of the time. Audit Discrepancy reporting supports reconciliation and accountability.

Automate Chain-of-Custody

RFID SOLUTIONS

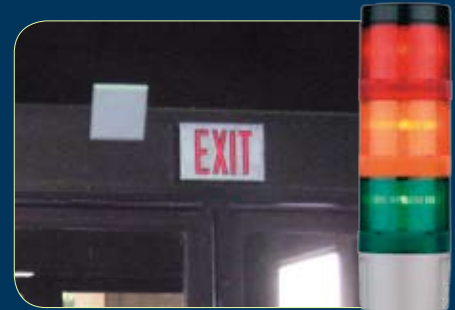

RFID Weapons Tracking System

SmartMobile

At under 2 pounds, the SmartMobile is the lightest long-range portable available. The face - smaller than 6" x 3" - contains a color touchscreen.

SmartAlarm Prevents Unauthorized Removal

Extend your system with a SmartAlarm, using RFID to detect weapons that have not been checked out and alerting you with light, siren and email.

Respond to Requests

Pull List and Delivery List reports help you efficiently locate, retrieve and deliver requested weapons and gear.

Advance Planning With Calendar

Calendar functionality improves planning for future needs, maintenance, and inspection. Pull List and Delivery List reports ensure you are prepared the day before.
